Large Format Commercial Range

Laminex® Large Format Commercial range

Create tailored, beautiful and inspired spaces with the Laminex® Large Format Commercial range.

This comprehensive range of decors has been specially selected for today's Commercial and large scale Residential project spaces. It is available in cost effective 1800mm wide panels, with thicknesses of 18mm, 25mm and 33mm for MR E0 Particleboard and Structural MR E0 MDF and 18mm and 25mm for Standard E0 MDF. All decors are available with matching 22mm, 29mm or 38mm ABS edging. Integrating with the wider Laminex range, including Laminex Impressions™ textured surfaces and Laminex Compact laminate, this range will help you create seamless, cost effective schemes that are always on trend.

FRONT AND BACK COVER: Jackalope Hotel Mornington Peninsula, Victoria features **Laminex Large Format Impressions textured surfaces in Black Nuance** finish for the wall panels, overhead and below cabinetry. Project by Carr Design Group. Photography by Sharyn Cairns at Hart & Co.

ABOVE TOP: IVE Group Office Fitout features **Laminex Large Format Commercial range in Polar White** for the desk tops with **Laminex ABS edging in Black**. Occasional tables use **Laminex Large Format Commercial range in Black**. Project by Workspace Commercial Furniture.

ABOVE RIGHT: Jackalope Hotel Mornington Peninsula, Victoria features **Laminex Large Format Impressions textured surfaces in Black Nuance** finish for desk top and panels. Project by Carr Design Group. Photography by Sharyn Cairns at Hart & Co.

Greenfirst®

Greenfirst® is Laminex Australia's commitment to the environment. At the forefront of design and innovation for interior surfaces, Laminex offers products that can assist with Green Building Council of Australia (GBCA) Green Star® rated projects. Recognising the importance of Indoor Environmental Quality (IEQ) in projects, Laminex offers a range of low formaldehyde products and low Volatile Organic Compound (VOC) products.

Laminex has made the environmental choice to transition their Decorwood® (Standard MDF) and Structural MR® (Moisture Resistant MDF) from E1 to E0, whilst Vertiboard® (Standard Particleboard) has the option of E1 and E0. All Laminex Decorwood E0, Structural MR E0 and Vertiboard E0 have achieved Ecospecifier Global GreenTag® GreenRate Level A and LCARate PLUS Gold, dual certification. The Global GreenTag® program is one of Australasia's most respected environmental certifications and Level A is the highest level recognised in the GBCA Green Star Materials Calculator.

This is combined with the valuable LCARate Gold – a fully, audited, Life Cycle Assessment based certification program that helps designers and specifiers differentiate between products using trusted Bronze, Silver, Gold or Platinum ratings and detailed Sustainability Assessment Criteria (SAC) and EcoPOINT scores. The SAC scores for Embodied Carbon show these Laminex products to be carbon sinks. For Timber Certifications, all Laminex Decorwood, Structural MR and Vertiboard E0 are AFS/PEFC CoC* certified, whilst a selection of Laminex Decorwood products possess FSC® CoC^ certification. Please enquire when ordering.

* Australian Forestry Standard / Programme for the Endorsement of Forest Certification Schemes (AFS/PEFC) Chain of Custody (CoC).

^ Forest Stewardship Council® (FSC®) Chain of Custody (CoC).

Laminex®

Laminex Large Format Commercial range is manufactured, marketed and distributed by Laminex Group Pty Limited ABN 98 004 093 092, trading as Laminex. In some cases, Laminex uses computer generated imagery (CGI) to provide graphical representations of our products where actual photos are not available. The colours and finishes of the products featured within all Laminex imagery are as close to the Laminex range as CGI, photographic lighting and our printing processes allow. Different camera angles, although not designed to be misleading, can sometimes distort actual size and distances. Laminex Large Format Commercial range is no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. Laminex Large Format Commercial range should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface. Please obtain a copy of the terms and conditions of the Laminex Limited Product Warranty from laminex.com.au. This warranty is in addition to any rights that may exist under the Australian Consumer Law. Laminex®, Impressions®, Decorwood®, Greenfirst®, Structural MR®, Vertiboard®, Large Format Commercial, Colour Palette®.
